

WORK EXPERIENCE

Full-stack Developer, Remote, GIS Analytics (Remote, UK) | April 2025 – Present.

- Led end-to-end frontend development and UI/UX design for a bet tracking mobile/web application, delivering scalable interfaces that improved user engagement and retention
- Built production-ready React + TypeScript applications using Tailwind CSS and Shadcn UI, ensuring responsive, high-performance user experiences across devices
- Designed and implemented backend services using Django and Python, integrating PostgreSQL for secure data storage, authentication, and API development
- Translated Figma designs into reusable component systems, improving development speed and consistency across the product
- Collaborated cross-functionally with mobile and backend teams, reducing design-to-development turnaround time by 25%
- Contributed to product strategy by shaping onboarding flows, subscription features, and social engagement systems

Frontend Developer Intern, Enextgen Wireless Ltd, (Nigeria) | Aug 2024 – Oct 2024

- Developed and optimized responsive user interfaces using React, Tailwind CSS, and Shadcn UI
- Improved application performance and load times by ~20% through efficient rendering and UI optimization
- Collaborated in an Agile team environment to deliver a web-based internet speed test platform
- Integrated frontend systems with PostgreSQL-backed services for seamless data handling

PROJECTS EXPERIENCE

PodifyIt | [Live](#) | [GitHub](#) — AI Podcast Generator from Documents. | Next.js, FastAPI, TypeScript, Tailwind CSS, Shadcn UI

- Developed an AI-powered web application that converts PDF documents into conversational, two-speaker podcasts
- Implemented PDF parsing using pdf-lib for accurate text extraction
- Integrated OpenAI APIs to generate engaging podcast-style scripts from structured content
- Used Azure Cognitive Services / ElevenLabs for high-quality text-to-speech audio generation
- Built a seamless audio playback experience using HTML5 audio APIs
- Designed system architecture for scalable AI content processing

SKILLS

Frontend: React, Vue.js, Next.js, TypeScript, JavaScript, Tailwind CSS, Shadcn UI

Backend: Python, Django, FastAPI, REST APIs

Testing: Vitest, Jest.

Databases: PostgreSQL, Supabase, MongoDB

Tools and Platforms: Git, GitHub, Vite, Webpack, ESLint, Prettier, Figma, VS Code

EDUCATION

University of Ibadan, B.Sc Computer Science | 2023 — 2026

AltSchool Africa, Diploma FrontEnd Engineering | 2023 — 2024

Federal School of Statistics, National Diploma in Computer Science | 2016 — 2018
